

H-Form ECE 495

A Brief Course Description			
College	Engineering		
Department/ Program	Electrical Engineering – Electronics Engineering Program		
Course Name	Special Topics in Electronics		
Course Code	ECE 495		
Year / Level	5/9		
Credit Hours	3		
Contact Hours	Lecture: 3	Lab/Tutorial: 0	Training: 0
Language	English		
Track	<input type="checkbox"/> University <input type="checkbox"/> College <input type="checkbox"/> Department <input checked="" type="checkbox"/> Program		
	<input type="checkbox"/> Required <input checked="" type="checkbox"/> Elective		
Pre-requisites Course	ECE 260		
Co-Requests	-		
Course Description	In this course the students will study a special topic in the various sub-areas of electronics engineering reflecting current theory and practice. In addition, the special topics in electronics engineering could be selected to suit research interests of the faculty. The specific topic will be shown in the course title when it is offered and scheduled. The special topics course may be repeated as topics change.
