

## Duties and Responsibilities Associated with Academic Clinical Title

- 1- The applicant for an academic clinical position should participate in the educational activities according to the needs of the college, including but not limited to:
  - Teaching/evaluating/training undergraduate students.
  - Teaching/evaluating/training postgraduate students.
- 2- Teaching Load: the academic clinical titleholder shall comply with a minimum of (3) credit hours and maximum of (5) credit hours per week based on the approved teaching schedules. The credit hour is defined in Article (40) of the Organizational Regulations of Saudi Universities for Faculty Members and their Counterparts.
- 3- Attending the meetings of the Department Board if requested to do so, in coordination with his/her work.
- 4- Attending and participating in the department seminars and lectures.
- 5- The academic clinical titleholder shall notify the concerned department at the college about his/her date of leave three months before it starts. However, it should not contradict with the dates of the approved academic calendar, unless an alternative is available. It the responsibility of the clinical titleholder to provide this alternative by arranging with the Academic and Clinical Departments.
